I. EXECUTIVE SUMMARY

Background

UnitedHealthcare of Florida, Inc. (UHC of FL) is a health insurance issuer that offered qualified health plans (QHPs) in the individual market Federally-facilitated Exchange (FFE) in Florida during the 2015 benefit year. UHC of FL submitted its final restated 2015 benefit year data in the October 2017 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$368,295,882.46 in advance payments of the premium tax credit (APTC) from CMS and paid a total of \$19,309,027.60 in FFE user fees (UF) to CMS for its 2015 benefit year individual market plans.

This report is an assessment of UHC of FL's compliance with the APTC and FFE user fee programs established in sections 1311 and 1401 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 (collectively referred to throughout as PPACA), and implementing regulations.

Audits to Determine Compliance with the Administration of APTC and FFE User Fee Programs

Under title 45 of the Code of Federal Regulations (CFR), sections §§ [156.480](#) and [156.705](#), the Department of Health and Human Services (HHS) may audit¹ issuers that offer a QHP in the individual market through an Exchange to assess the degree of compliance with the APTC and FFE user fee program requirements. HHS designates the Centers for Medicare & Medicaid Services (CMS) to conduct these audits and to achieve the following:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit is part of CMS's program to validate the enrollment and payment data reported on the final 2015 EPDW, and to analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

The findings and observations are documented below. If CMS found an instance of issuer non-compliance with APTC and FFE user fee program requirements that requires correction to

¹ To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

payment, then CMS classified it as a *finding*. If CMS found a deviation from APTC and FFE user fee program requirements that we are calling to the attention of management for purposes of improving compliance in future program years, but that does not require correction to payment, then CMS categorized it as an *observation*.

Results of Review

CMS identified two (2) findings and one (1) observation for UHC of FL. The net financial impact of the two (2) audit findings is a payment to UHC of FL of \$123,692.02, consisting of \$17,254.28 in FFE user fees returned to UHC of FL and \$106,437.74 in APTC paid to UHC of FL. The one (1) observation does not require correction to payments. The findings and observation include the following:

Findings:

1. Differences in premium/FFE user fee and APTC differences identified in the comparison of the data included in the EPDW to a UF/APTC Desk Audit File containing subscriber level data from UHC of FL's systems; and
2. Inclusion of incorrectly prorated enrollment and payment data for nine hundred and fifty-eight (958) subscribers in the UF/APTC Desk Audit File.

Observation:

1. Application of grace period reporting that is inconsistent with CMS guidance for two (2) of the fifteen (15) selected subscribers in the UF/APTC Desk Audit File.

Please refer to sections IV and V for details on the findings and observation listed above, including the condition, cause, effect, corrective actions, and the issuer's responses.

II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

A. Background

Sections 1401 and 1412 of the PPACA established the APTC program to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the PPACA allows the FFEs to charge participating issuers user fees to support FFE operations.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC and FFE user fee programs. As such, CMS established this audit program.

Interim Payment Process

Since automated payment systems were not yet developed during the first years of FFE implementation, CMS implemented an interim payment process to calculate and make monthly payments of APTC and advance Cost-sharing Reduction (CSR) amounts, and to collect FFE user fees. The interim payment process required issuers to self-report enrollment and payment data on a monthly basis, including any adjustments to previous months' requests, via manual submission of an EPDW, and to attest to the accuracy of the data.

For the 2015 benefit year, CMS used this interim payment process to calculate and make monthly payments based on QHP data submitted in the EPDW. While using this interim process, CMS designed and implemented a robust set of internal controls within a larger program integrity framework to ensure payment accuracy. CMS required submitters to send the following QHP plan information at the variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total FFE User Fee amount
9. Total effectuated enrollment groups
10. Total effectuated enrollment groups with APTC
11. Total effectuated enrollment groups with advance CSR
12. Total effectuated members
13. Total effectuated members with APTC
14. Total effectuated members with advance CSR

FFE issuers were required to calculate the QHP enrollment and payment amounts and submit that information on the EPDW template using their internal source data.

B. Regulations Governing APTC and FFE User Fee Programs

CMS established an audit protocol to assess health insurance issuers' compliance with the following regulations governing APTC and FFE user fee programs:

- 45 CFR § [156.50](#): Financial Support;
- 45 CFR § [156.460](#): Reduction of enrollee's share of premium to account for advance payments of the premium tax credit;
- 45 CFR § [156.480](#): Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs;
- 45 CFR § [156.705](#): Maintenance of records for Federally-facilitated Exchanges.

Please refer to Appendix 2 for the specific requirements established under the authorities listed above.

C. Objectives

The objectives of this audit are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for the APTC and FFE user fee programs;
- (2) Identify potential CMS APTC payment and FFE user fee collection errors resulting from issuer data reporting errors; and
- (3) Test accuracy and integrity of issuer processes for reducing an enrollee's share of premium to account for APTCs.

D. Scope and Methodology

CMS selected UHC of FL for an audit on issuer compliance with the aforementioned regulations. CMS evaluated UHC of FL's activities related to the 2015 benefit year (January 1, 2015 through December 31, 2015) individual market data reported on the final EPDW submitted in October 2017 by the issuer to CMS to support APTC and FFE user fee collections.

CMS sent UHC of FL an electronic letter on May 11, 2018 to notify them of the scope of this audit. CMS's audit contractor sent a follow-up letter to UHC of FL on May 14, 2018 that identified data requirements required to conduct the audit. CMS's audit contractor reviewed the audit data file submitted by UHC of FL and used CMS's audit procedures to assess compliance with APTC and FFE user fee program rules and regulations.

CMS's audit contractor applied CMS's audit protocol to identify the findings and observations listed in sections IV and V of this report. CMS's audit contractor performed the following procedures:

- Validations of the UF/APTC Desk Audit File² data submitted to CMS:

² The UF/APTC Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

- EPDW Validations: Review and comparison of the issuer's final submitted 2015 EPDW to the UF/APTC Desk Audit File from the issuer's systems.
- Unreconciled Subscribers Review: Review and comparison of the subscribers reported on the UF/APTC Desk Audit File to the subscribers included in CMS's systems to determine if the subscribers existed and their coverage was effectuated in the issuer's system (i.e., the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber).
- Duplicate Exchange-assigned Subscriber IDs Check: Review of the UF/APTC Desk Audit File containing subscriber level data from the issuer's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e., Exchange-assigned subscriber IDs that were reported on the file twice in the same month with full month or incorrectly prorated payment data) were not reported on the file.
- Premium Less than APTC Validation: Review of the UF/APTC Desk Audit File to verify that the subscribers' premium amounts reported on the file were not less than the APTC amounts reported on the file.
- Coverage Days Validation: Review of the UF/APTC Desk Audit File to verify that enrollments of five (5) days or fewer reported on the file were effectuated and had active coverage in the issuer's systems.
- Validations on samples of issuer's systems data:
 - Forty-five (45) Subscribers Sample Review: Review and comparison of the coverage periods, premium, and APTC amounts from the issuer's systems to the corresponding data included in CMS's systems for a selected sample of forty-five (45) subscribers.
 - Fifteen (15) Subscribers Sample Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

III. RESULTS OF REVIEW

CMS assessed issuer compliance with regulations using the following procedures: EPDW Validations, Unreconciled Subscribers Review, Duplicate Exchange-assigned Subscriber IDs Check, Premium Less than APTC Validation, Coverage Days Validation, Forty-five (45) Subscribers Sample Review, Fifteen (15) Subscribers Sample Review, and Policy and Procedure Review. Below are the results of this review.

EPDW Validations

One (1) finding and no observations resulted from the comparison of the final 2015 EPDW to UHC of FL's UF/APTC Desk Audit File. Please refer to Finding No. 1 included in section IV for details on the finding.

Unreconciled Subscribers Review

No findings or observations resulted from the review of UHC of FL's UF/APTC Desk Audit File to determine if the subscribers reported on the file existed and their coverage was effectuated in the issuer's systems.

Duplicate Exchange-assigned Subscriber IDs Check

One (1) finding and no observations resulted from the review of UHC of FL's UF/APTC Desk Audit File to verify that duplicate Exchange-assigned subscriber IDs were not reported on the file. Please refer to Finding No. 2 included in section IV for details on the finding.

Premium Less than APTC Validation

No findings or observations resulted from the review of UHC of FL's UF/APTC Desk Audit File to verify that subscribers were not reported on the file with premium amounts that were less than the APTC amounts.

Coverage Days Validation

No findings or observations resulted from the review of UHC of FL's UF/APTC Desk Audit File to verify that enrollments of five (5) days or fewer reported on the file were effectuated and had active coverage in the issuer's systems.

Forty-five (45) Subscribers Sample Review

No findings or observations resulted from the review and comparison of the data from UHC of FL's systems to the corresponding data included in CMS's systems to determine accuracy of the reported enrollment months and the application of premium and APTC for a selected sample of forty-five (45) subscribers.

Fifteen (15) Subscribers Sample Review

No findings and one (1) observation resulted from the review of the data and documentation from UHC of FL's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers. Please refer to Observation No. 1 included in section V for details on the observation.

Policy and Procedure Review

No findings or observations resulted from the review of UHC of FL's APTC policies and procedures.

IV. FINDINGS

A finding is an identification of an instance of issuer non-compliance with APTC and FFE user fee program requirements that requires correction to payment. CMS's audit procedures identified two (2) findings that resulted in a change to UHC of FL's reported EPDW for individual market plans for the 2015 benefit year. In light of the two (2) findings, the adjusted 2015 benefit year EPDW APTC and FFE user fee amounts for individual market plans are shown in the following table.

Recalculated EPDW for the 2015 Benefit Year

	FFE User Fees	APTC
EPDW as Filed in October 2017	\$(19,309,027.60)	\$368,295,882.46
Finding No. 1 - EPDW Validations Adjustment	\$15,705.96	\$134,944.35
Finding No. 2 – Duplicate Exchange-assigned Subscriber IDs Check Adjustment	\$1,548.32	\$(28,506.61)
EPDW As Recalculated	\$(19,291,773.32)	\$368,402,320.20
Total Financial Impact	\$17,254.28	\$106,437.74

Note: Positive values indicate funds owed to the issuer.

The net financial impact of the two (2) audit findings is a payment to UHC of FL of \$123,692.02, consisting of \$17,254.28 in FFE user fees returned to UHC of FL and \$106,437.74 in APTC paid to UHC of FL.

For the two (2) audit findings, CMS documented the criteria, cause, effect, corrective actions, and UHC of FL's responses as seen in the charts below.

Finding No. 1 - EPDW Validations	Condition:	Premium and FFE User Fee Differences – For one or more months of 2015 benefit year enrollment in sixteen (16) QHPs, the net "Total Premium Amount by QHP ID for effectuated enrollments"
---	-------------------	---

		<p>included in UHC of FL’s EPDW was greater than the total premium amount included in UHC of FL’s UF/APTC Desk Audit File, resulting in an overstatement of \$448,741.72 and therefore overpayment of \$15,705.96 in FFE user fees. For the one or more months of 2015 benefit year enrollment in sixteen (16) QHPs, the EPDW was understated by three thousand, one hundred and fifty (3,150) enrollment groups and overstated by sixty-one thousand, seven hundred and eleven (61,711) members.</p> <p>APTC Differences – For one or more months of 2015 benefit year enrollment in sixteen (16) QHPs, the net "Total APTC Amount by QHP ID for effectuated enrollments" included in UHC of FL’s EPDW was less than the total APTC amount included in UHC of FL’s UF/APTC Desk Audit File, resulting in an underpayment of \$134,944.35 in APTC. For the one or more months of 2015 benefit year enrollment in sixteen (16) QHPs, the EPDW was understated by two thousand, nine hundred and eighty (2,980) APTC enrollment groups and overstated by forty-nine thousand, five hundred and twenty-six (49,526) APTC members.</p>
	<p>Criteria:</p>	<p>Per CMS guidance and EPDW submission requirements:</p> <p>The “Total premium amount by QHP ID for effectuated enrollments” submitted on the EPDW is the "total premium amount for the health coverage for all effectuated enrollments within that plan” and the Total User Fee Amount by QHP ID is "the total FFE user fee amount the issuer can expect to incur for participation in the Federally-facilitated Exchange."</p> <p>The “Total APTC amount by QHP ID for effectuated enrollments” submitted on the EPDW is the "total APTC toward the total premium amount for effectuated enrollments within a 16-digit QHP ID."</p> <p>Additionally, the premium and APTC amounts reported in the EPDW and in the enrollment group enrollment records of the UF/APTC Desk Audit</p>

		<p>File must be prorated using the proration formulas set forth in the 2015 payment notice and outlined in 45 CFR § 155.240.</p>
	<p>Cause:</p>	<p>The issuer indicated the following:</p> <p>Changes were made following the CMS 2015 final submission window, due in part to requests from CMS or consumers, in order to:</p> <ol style="list-style-type: none"> 1. Correct the termination effective date for certain members without APTC; 2. Correct the termination effective date for certain members impacted by use of a delinquency threshold; 3. Correct the termination effective date for certain members with APTC; 4. Remove duplicate records; or 5. Effectuate appeals received from CMS related to reinstatement of APTC or coverage in general. <p>As a result of the five (5) issues that the issuer indicated were identified following the CMS 2015 final submission window, CMS concluded that the aggregate impact was an overstatement of premium amounts and understatement of APTC amounts included in UHC of FL's final, restated 2015 benefit year EPDW.</p> <p>The net understatements in enrollment groups and overstatements in members identified in the condition represent aggregated differences, i.e., the aggregated understatements and overstatements include QHP-level overstatements in some months and QHP-level understatements in other months. The differences may have resulted from incorrect reporting of the enrollment groups and members reported on the EPDW due to the lack of guidance, uncertainty around EPDW reporting requirements, and/or differences in the approaches for calculating and reporting enrollment groups and members on the EPDW versus the approaches for calculation and reporting enrollment groups and members for audit purposes.</p>

	Effect:	The premium/FFE user fee and APTC differences resulted in a change to UHC of FL's final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to UHC of FL of \$150,650.31, consisting of \$15,705.96 in FFE user fees returned to UHC of FL and \$134,944.35 in APTC paid to UHC of FL. UHC of FL should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	UHC of FL agrees with this finding.

Finding No. 2 - Duplicate Exchange-assigned Subscriber IDs Check	Condition:	<p>UHC of FL incorrectly prorated the 2015 benefit year premium amounts for six hundred and twenty-three (623) subscribers, and incorrectly prorated the 2015 benefit year APTC amounts for four hundred and ninety-two (492) of those subscribers, who had mid-month terminations and re-enrollments in the same month in the UF/APTC Desk Audit File.</p> <p>UHC of FL correctly prorated the 2015 benefit year premium amounts but incorrectly prorated the 2015 benefit year APTC amounts for sixty-one (61) subscribers who had mid-month terminations and re-enrollments in the same month in the UF/APTC Desk Audit File.</p> <p>Upon review of the UF/APTC Desk Audit File, it was noted that UHC of FL incorrectly prorated the 2015 benefit year premium and APTC amounts for two hundred and seventy-four (274) additional subscribers who had a mid-month enrollment or mid-month termination in the UF/APTC Desk Audit File.</p>
---	-------------------	---

	Criteria:	<p>Issuers cannot request full month payment from CMS for the same subscriber twice within a month. Additionally, per the HHS Notice of Benefit and Payment Parameters for 2015 and 45 CFR § 155.240, in a Federally-facilitated Exchange, the premium for coverage lasting less than one month must equal the product of (i) The premium for one month of coverage divided by the number of days in the month; and (ii) The number of days for which coverage is being provided in the month.</p>
	Cause:	<p>The issuer indicated that premium and APTC amounts for the six hundred and eighty-four (684) subscribers were generally incorrectly prorated due to either a processing error or because the proration calculation was based on a 30-day month for months that actually had 31 days.</p> <p>As a result of the inclusion of the incorrectly prorated premium and APTC amounts for the six hundred eight-four (684) subscribers, the 2015 benefit year premium amounts reported in the UF/APTC Desk Audit File were overstated by \$41,539.28 (\$1,453.87 in FFE user fees) and the 2015 benefit year APTC amounts reported in the UF/APTC Desk Audit File were overstated by \$27,847.74.</p> <p>During the audit, we conducted an additional analysis to determine whether there were enrollments reported on the UF/APTC Desk Audit File with partial months of coverage and incorrectly prorated premium and APTC amounts that were not identified as a result of the Duplicate Check Review (i.e., records with either a mid-month termination or mid-month enrollment that were not identified as a result of the duplicate check as there was only one (1) record in that month). As a result, we identified two hundred and seventy-four (274) additional subscribers reported in the UF/APTC Desk Audit File with incorrectly prorated payment data, resulting in an overstatement of \$2,698.59 in premiums (\$95.45 in FFE user fees) and \$658.87 in APTC amounts. The issuer confirmed our findings</p>

		<p>with respect to these two hundred and seventy-four (274) additional subscribers.</p> <p>As a result of the inclusion of the incorrectly prorated premium and APTC amounts for the nine hundred and fifty-eight (958) subscribers, the 2015 benefit year premium amounts reported in the UF/APTC Desk Audit File were overstated by \$44,237.87 (\$1,548.32 in FFE user fees) and the 2015 benefit year APTC amounts reported in the UF/APTC Desk Audit File were overstated by \$28,506.61.</p>
	Effect:	The inclusion of the incorrectly prorated premium and APTC amounts for the nine hundred and fifty-eight (958) subscribers resulted in a change to UHC of FL's final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to CMS of \$26,958.29, consisting of \$1,548.32 in FFE user fees returned to UHC of FL and \$28,506.61 in APTC owed to CMS. UHC of FL should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	UHC of FL agrees with this finding.

V. OBSERVATIONS

An observation is a deviation from APTC and FFE user fee program requirements that we are calling to the attention of management for purposes of improving compliance in future program years but that does not require correction to payment. CMS’s audit procedures identified one (1) observation.

Observation No. 1 – Fifteen (15) Subscribers Sample Review	Condition:	UHC of FL reported enrollment and payment data in the UF/APTC Desk Audit File for two (2) subscribers who did not pay all outstanding premiums prior to the end of the three (3) month grace period.
	Criteria:	Per 45 CFR § 156.270, if an enrollee receiving advance payments of the premium tax credit exhausts the 3-month grace period in paragraph (d) of this section without paying all outstanding premiums, subject to a premium payment threshold implemented under 155.400(g), if applicable, the QHP issuer must terminate the enrollee's enrollment through the Exchange on the effective date described in 155.430(d).
	Cause:	The issuer indicated the two (2) subscribers were impacted by an identified issue that permitted APTC recipients to remain in the grace period so long as they made at least one month’s premium payment. UHC previously notified CCIIO/CMS senior leadership of this issue at a meeting held in June 2016.
	Effect:	The issuer had a systems issue that permitted APTC recipients to remain in the grace period if at least one payment was received which is inconsistent with CMS enrollment guidance and requirements set forth in 45 CFR § 156.270.
	Management Response:	UHC of FL agrees with this observation.

VI. MANAGEMENT RESPONSES

Please provide management's response to the two (2) findings and one (1) observation identified in the draft audit report and complete the attached Appendix 1 - Issuer Management Response to Net Financial Adjustment (Appendix 1), within thirty (30) calendar days from the draft audit report date. Management's response should indicate agreement or disagreement.

Agreement

If management agrees with the two (2) findings and one (1) observation, complete the "Management Response" field of the findings and observation in the draft audit report, and initial "Agree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 within thirty (30) calendar days from the draft audit report date. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report. CMS will process the final adjustment amount in the next available monthly payment cycle.

Disagreement

If management disagrees with either of the two (2) findings and corrective actions or the one (1) observation, complete the "Management Response" field of the findings and observation in the draft audit report, and initial "Disagree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 and any supporting documentation that substantiates management's response within thirty (30) calendar days from the draft audit report date. This will be the final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanations in the "Management Response" field of the findings and observation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

CMS will provide an updated audit report, including the stated final adjustment amount along with an updated Appendix 1, following receipt and review of management's response. Please return the updated audit report with management responses and signed Appendix 1 within fifteen (15) calendar days. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report and process the final adjustment amount in the next available monthly payment cycle.

Appendix 1 – Issuer Management Response to Net Financial Adjustment

Issuer HIOS ID: 68398

Issuer Name: UnitedHealthcare of Florida, Inc. (UHC of FL)

The undersigned Chief Executive Officer (CEO), Chief Financial Officer (CFO) or other individual who can legally and financially bind this issuer has reviewed the information included in the audit report of the issuer’s 2015 benefit year APTC and FFE UF program participation, resulting in a payment to UHC of FL of \$123,692.02, consisting of \$17,254.28 in FFE user fees returned to UHC of FL and \$106,437.74 in APTC paid to UHC of FL, and:

(INITIAL) CB Agrees with the audit net adjustment amount above, confirming the audit finding(s) and observation(s), if applicable, and as such this report will be considered final and published.

Or

(INITIAL) _____ Disagrees and requests a review of additional information that may impact the audit net adjustment amount resulting from the 2015 benefit year audit. If review is requested, CMS will consider this draft only a preliminary audit report. If the review option is selected, you must provide a written explanation with any additional documentation when you return this response within thirty (30) calendar days of the date of this draft audit report. CMS will review the written explanation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

Appendix 2 – Applicable Regulations

The following table identifies the specific regulatory requirements around which CMS has organized its audits.

Regulation	Guidance
<p>45 CFR § 156.50 – Financial Support</p>	<p>(a) Definitions. The following definitions apply for the purposes of this section: <i>Participating issuer</i> means any issuer offering a plan that participates in the specific function that is funded by user fees. This term may include: health insurance issuers, QHP issuers, issuers of multi-State plans (as defined in § 155.1000(a) of this subchapter), issuers of stand-alone dental plans (as described in § 155.1065 of this subtitle), or other issuers identified by an Exchange.</p> <p>(b) Requirement for State-based Exchange user fees. A participating issuer must remit user fee payments, or any other payments, charges, or fees, if assessed by a State-based Exchange under § 155.160 of this subchapter.</p> <p>(c) Requirement for Federally-facilitated Exchange user fee. To support the functions of Federally-facilitated Exchanges, a participating issuer offering a plan through a Federally-facilitated Exchange must remit a user fee to HHS each month, in the timeframe and manner established by HHS, equal to the product of the monthly user fee rate specified in the annual HHS notice of benefit and payment parameters for the applicable benefit year and the monthly premium charged by the issuer for each policy under the plan where enrollment is through a Federally-facilitated Exchange.</p>
