I. EXECUTIVE SUMMARY

Background

Moda Health Plan, Inc. (Moda) is a health insurance issuer that offered qualified health plans (QHPs) in the individual market Federally-facilitated Exchange (FFE) in Alaska during the 2015 benefit year. Moda submitted its final restated 2015 benefit year data in the July 2016 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$66,899,861.16 in advance payments of the premium tax credit (APTC) from CMS and paid a total of \$2,893,194.12 in FFE user fees (UF) to CMS for its 2015 benefit year individual market plans.

This report is an assessment of Moda's compliance with the APTC and FFE user fee programs established in sections 1311 and 1401 of the Patient Protection and Affordable Care Act (Pub. L. 111-148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152) enacted on March 30, 2010 (collectively referred to throughout as PPACA), and implementing regulations.

Audits to Determine Compliance with the Administration of APTC and FFE User Fee Programs

Under title 45 of the Code of Federal Regulations (CFR), sections §§ [156.480](#) and [156.705](#), the Department of Health and Human Services (HHS) may audit¹ issuers that offer a QHP in the individual market through an Exchange to assess the degree of compliance with the APTC and FFE user fee program requirements. HHS designates the Centers for Medicare & Medicaid Services (CMS) to conduct these audits and to achieve the following:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit is part of CMS's program to validate the enrollment and payment data reported on the final 2015 EPDW, and to analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

The findings and observations are documented below. If CMS found an instance of issuer non-compliance with APTC and FFE user fee program requirements that requires correction to payment, then CMS classified it as a *finding*. If CMS found a deviation from APTC and FFE

¹ To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

user fee program requirements that we are calling to the attention of management for purposes of improving compliance in future program years, but that does not require correction to payment, then CMS categorized it as an *observation*.

Results of Review

CMS identified six (6) findings and one (1) observation for Moda. The net financial impact of the six (6) audit findings is a payment to Moda of \$545,616.46, consisting of \$67,094.96 in FFE user fees owed to CMS and \$612,711.42 in APTC paid to Moda. The one (1) observation does not require corrections to payments. The findings and observation include the following:

Findings:

1. Differences in premium/FFE user fee and APTC amounts identified in the comparison of the issuer's data included in the EPDW to a UF/APTC Desk Audit File containing subscriber level data from Moda's systems;
2. Inclusion of enrollment and payment data in the UF/APTC Desk Audit File for two (2) subscribers with coverage that was not effectuated in the issuer's systems;
3. Inclusion of full month enrollment and payment data for one (1) duplicate subscriber in the UF/APTC Desk Audit File;
4. Inclusion of incorrectly prorated payment data for multiple subscribers in the UF/APTC Desk Audit File;
5. Inclusion of premium amounts that were less than the APTC amounts for thirty-three (33) subscribers in the UF/APTC Desk Audit File; and
6. Inclusion of incorrect premium amounts for one (1) of the forty-five (45) selected subscribers in the UF/APTC Desk Audit File.

Observation:

1. Receipt of a late binder payment for one (1) subscriber reported in the UF/APTC Desk Audit File.

Please refer to sections IV and V for details on the findings and observation listed above, including the condition, cause, effect, corrective actions, and the issuer's responses.

II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

A. Background

Sections 1401 and 1412 of the PPACA established the APTC program to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the PPACA allows the FFEs to charge participating issuers user fees to support FFE operations.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC and FFE user fee programs. As such, CMS established this audit program.

Interim Payment Process

Since automated payment systems were not yet developed during the first years of FFE implementation, CMS implemented an interim payment process to calculate and make monthly payments of APTC and advance Cost-sharing Reduction (CSR) amounts, and to collect FFE user fees. The interim payment process required issuers to self-report enrollment and payment data on a monthly basis, including any adjustments to previous months' requests, via manual submission of an EPDW, and to attest to the accuracy of the data.

For the 2015 benefit year, CMS used this interim payment process to calculate and make monthly payments based on QHP data submitted in the EPDW. While using this interim process, CMS designed and implemented a robust set of internal controls within a larger program integrity framework to ensure payment accuracy. CMS required submitters to send the following QHP plan information at the variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total FFE User Fee amount
9. Total effectuated enrollment groups
10. Total effectuated enrollment groups with APTC
11. Total effectuated enrollment groups with advance CSR
12. Total effectuated members
13. Total effectuated members with APTC
14. Total effectuated members with advance CSR

FFE issuers were required to calculate the QHP enrollment and payment amounts and submit that information on the EPDW template using their internal source data.

B. Regulations Governing APTC and FFE User Fee Programs

CMS established an audit protocol to assess health insurance issuers' compliance with the following regulations governing APTC and FFE user fee programs:

- 45 CFR § [156.50](#): Financial Support;
- 45 CFR § [156.460](#): Reduction of enrollee's share of premium to account for advance payments of the premium tax credit;
- 45 CFR § [156.480](#): Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs;
- 45 CFR § [156.705](#): Maintenance of records for Federally-facilitated Exchanges.

Please refer to Appendix 2 for the specific requirements established under the authorities listed above.

C. Objectives

The objectives of this audit are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for the APTC and FFE user fee programs;
- (2) Identify potential CMS APTC payment and FFE user fee collection errors resulting from issuer data reporting errors; and
- (3) Test accuracy and integrity of issuer processes for reducing an enrollee's share of premium to account for APTCs.

D. Scope and Methodology

CMS selected Moda for an audit on issuer compliance with the aforementioned regulations. CMS evaluated Moda's activities related to the 2015 benefit year (January 1, 2015 through December 31, 2015) individual market data reported on the final EPDW submitted in July 2016 by the issuer to CMS to support APTC and FFE user fee collections.

CMS sent Moda an electronic letter on May 11, 2018 to notify them of the scope of this audit. CMS's audit contractor sent a follow-up letter to Moda on May 14, 2018 that identified data requirements required to conduct the audit. CMS's audit contractor reviewed the audit data file submitted by Moda and used CMS's audit procedures to assess compliance with APTC and FFE user fee program rules and regulations.

CMS's audit contractor applied CMS's audit protocol to identify the findings and observations listed in sections IV and V of this report. CMS's audit contractor performed the following procedures:

- Validations of the UF/APTC Desk Audit File² data submitted to CMS:
 - EPDW Validations: Review and comparison of the issuer's final submitted 2015 EPDW to the UF/APTC Desk Audit File from the issuer's systems.
 - Unreconciled Subscribers Review: Review and comparison of the subscribers reported on the UF/APTC Desk Audit File to the subscribers included in CMS's systems to determine if the subscribers existed and their coverage was effectuated in the issuer's system (i.e., the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber).
 - Duplicate Exchange-assigned Subscriber IDs Check: Review of the UF/APTC Desk Audit File containing subscriber level data from the issuer's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e., Exchange-assigned subscriber IDs that were reported on the file twice in the same month with full month or incorrectly prorated payment data) were not reported on the file.
 - Premium Less than APTC Validation: Review of the UF/APTC Desk Audit File to verify that the subscribers' premium amounts reported on the file were not less than the APTC amounts reported on the file.
 - Coverage Days Validation: Review of the UF/APTC Desk Audit File to verify that enrollments of five (5) days or fewer reported on the file were effectuated and had active coverage in the issuer's systems.
- Validations on samples of issuer's systems data:
 - Forty-five (45) Subscribers Sample Review: Review and comparison of the coverage periods, premium and APTC amounts from the issuer's systems to the corresponding data included in CMS's systems for a selected sample of forty-five (45) subscribers.
 - Fifteen (15) Subscribers Sample Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

² The UF/APTC Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

III. RESULTS OF REVIEW

CMS assessed issuer compliance with regulations using the following procedures: EPDW Validations, Unreconciled Subscribers Review, Duplicate Exchange-assigned Subscriber IDs Check, Premium Less than APTC Validation, Coverage Days Validation, Forty-five (45) Subscribers Sample Review, Fifteen (15) Subscribers Sample Review, and Policy and Procedure Review. Below are the results of this review.

EPDW Validations

One (1) finding and no observations resulted from the comparison of the final 2015 EPDW to Moda's UF/APTC Desk Audit File. Please refer to Finding No. 1 included in section IV for details on the finding.

Unreconciled Subscribers Review

One (1) finding and one (1) observation resulted from the review of Moda's UF/APTC Desk Audit File to determine if the subscribers reported on the file existed and their coverage was effectuated in the issuer's systems. Please refer to Finding No. 2 included in section IV for details on the finding and Observation No. 1 included in section V for details on the observation.

Duplicate Exchange-assigned Subscriber IDs Check

Two (2) findings and no observations resulted from the review of Moda's UF/APTC Desk Audit File to verify that duplicate Exchange-assigned subscriber IDs were not reported on the file. Please refer to Finding No. 3 and Finding No. 4 included in section IV for details on the findings.

Premium Less than APTC Validation

One (1) finding and no observations resulted from the review of Moda's UF/APTC Desk Audit File to verify that subscribers were not reported on the file with premium amounts that were less than the APTC amounts. Please refer to Finding No. 5 included in section IV for details on the finding.

Coverage Days Validation

No findings or observations resulted from the review of Moda's UF/APTC Desk Audit File to verify that enrollments of five (5) days or fewer reported on the file were effectuated and had active coverage in the issuer's systems.

Forty-five (45) Subscribers Sample Review

One (1) finding and no observations resulted from the review and comparison of the data from Moda's systems to the corresponding data included in CMS's systems to determine accuracy of the reported enrollment months and the application of premium and APTC for a selected sample of forty-five (45) subscribers. Please refer to Finding No. 6 included in section IV for details on the finding.

Fifteen (15) Subscribers Sample Review

No findings or observations resulted from the review of the data and documentation from Moda's systems to verify effectuation and the appropriate application of premium and APTC

amounts to policies for a selected sample of fifteen (15) subscribers.

Policy and Procedure Review

No findings or observations resulted from the review of Moda's APTC policies and procedures.

IV. FINDINGS

A finding is an identification of an instance of issuer non-compliance with APTC and FFE user fee program requirements that requires correction to payment. CMS's audit procedures identified six (6) findings that resulted in a change to Moda's reported EPDW for individual market plans for the 2015 benefit year. In light of the six (6) findings, the adjusted 2015 benefit year EPDW APTC and FFE user fee amounts for individual market plans are shown in the following table.

Recalculated EPDW for the 2015 Benefit Year

	FFE User Fees	APTC
EPDW as Filed in July 2016	\$(2,893,194.12)	\$66,899,861.16
Finding No. 1 - EPDW Validations Adjustment	\$(66,702.85)	\$812,381.47
Finding No. 2 - Unreconciled Subscribers Review Adjustment	\$103.95	\$(1,860.00)
Finding No. 3 - Duplicate Exchange-assigned Subscriber IDs (Full Month Payment Data) Check Adjustment	\$69.51	\$0.00
Finding No. 4 - Duplicate Exchange-assigned Subscriber IDs Check (Incorrectly Prorated Payment Data) Adjustment	\$0.00	\$(197,810.05)
Finding No. 5 - Premium Less than	\$(563.89)	\$0.00

	FFE User Fees	APTC
APTC Validation Adjustment		
Finding No. 6 – Forty-five (45) Subscribers Sample Review Adjustment	\$(1.68)	\$0.00
EPDW As Recalculated	\$(2,960,289.08)	\$67,512,572.58
Total Financial Impact	\$(67,094.96)	\$612,711.42

Note: Positive values indicate funds owed to the issuer.

The net financial impact of the six (6) audit findings is a payment to Moda of \$545,616.46, consisting of \$67,094.96 in FFE user fees owed to CMS and \$612,711.42 in APTC paid to Moda.

For the six (6) audit findings, CMS documented the condition, criteria, cause, effect, corrective actions, and Moda's responses as seen in the charts below.

<p>Finding No. 1 - EPDW Validations</p>	<p>Condition:</p>	<p>Premium and FFE User Fee Differences – For one or more months of 2015 benefit year enrollment in thirty-nine (39) QHPs, the net "Total Premium Amount by QHP ID for effectuated enrollments" included in Moda's EPDW was less than the total premium amount included in Moda's UF/APTC Desk Audit File, resulting in an understatement of \$1,905,795.82 in premiums and therefore an underpayment of \$66,702.85 in FFE user fees. For the one or more months of 2015 benefit year enrollment in thirty-nine (39) QHPs, the EPDW was understated by three thousand, two hundred and five (3,205) enrollment groups and four thousand, one hundred and eighty-seven (4,187) members.</p> <p>APTC Differences – For one or more months of 2015 benefit year enrollment in thirty-four (34) QHPs, the net "Total APTC Amount by QHP ID for effectuated enrollments" included in Moda's EPDW was less than the total APTC amount in Moda's UF/APTC Desk Audit File, resulting in an</p>
--	--------------------------	---

		<p>underpayment of \$812,381.47 in APTC. For the one or more months of 2015 benefit year enrollment in thirty-four (34) QHPs, the EPDW was understated by one thousand, nine hundred and forty-six (1,946) APTC enrollment groups and two thousand, seven hundred and four (2,704) APTC members.</p>
	<p>Criteria:</p>	<p>Per CMS guidance and EPDW submission requirements:</p> <p>The “Total premium amount by QHP ID for effectuated enrollments” submitted on the EPDW is the "total premium amount for the health coverage for all effectuated enrollments within that plan” and the Total User Fee Amount by QHP ID is "the total FFE user fee amount the issuer can expect to incur for participation in the Federally-facilitated Exchange."</p> <p>The “Total APTC amount by QHP ID for effectuated enrollments” submitted on the EPDW is the "total APTC toward the total premium amount for effectuated enrollments within a 16-digit QHP ID."</p> <p>Additionally, the premium and APTC amounts reported in the EPDW and in the enrollment group enrollment records of the UF/APTC Desk Audit File must be prorated using the proration formulas set forth in the 2015 payment notice and outlined in 45 CFR § 155.240.</p>
	<p>Cause:</p>	<p>The issuer indicated that the reason for the discrepancies “appears to be based on changes that came in after the last EPDW was submitted.” The issuer further indicated “it appears that the discrepancies are based on enrollment changes that occurred after the last EPDW was submitted. Enrollment changes include changes in plans, reinstatements of coverage, special exceptions. In addition I note that the last EPDW that was submitted was July 2016 restatement of January 2015 through December 2015. Also I just want to confirm that any change that was made which required a revised billing for the member portion was retroactively billed to the member following</p>

		standards associated to APTC 90 day grace days if applicable.”
	Effect:	The premium/FFE user fee and APTC differences resulted in a change to Moda’s final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to Moda of \$745,678.62, consisting of \$66,702.85 in FFE user fees owed to CMS and \$812,381.47 in APTC paid to Moda. Moda should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	2/10/2020: Moda management confirms and agrees to this finding.

Finding No. 2 - Unreconciled Subscribers Review	Condition:	Moda overstated the 2015 benefit year premium amounts for two (2) subscribers, and overstated the 2015 benefit year APTC amounts for one (1) of those subscribers, in the UF/APTC Desk Audit File by reporting enrollment and payment data for subscribers with coverage that was not effectuated.
	Criteria:	Per CMS guidance and EPDW submission requirements, the EPDW should include data for effectuated enrollments where an effectuated enrollment is defined as “any enrollment in which the amount the enrollment group is responsible to pay toward the total premium amount has been paid in full by the enrollment group.”
	Cause:	The issuer indicated the following for the two (2) subscribers: <ul style="list-style-type: none"> • “Member should have been termed never effective 1/1/15 for non-payment. Pre-Audit is correct, no payments made.” • “No, member should not have been included. Member termed for non-payment on derived ID”.

	Effect:	The inclusion of the two (2) non-effectuated enrollments resulted in a change to Moda's final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to CMS of \$1,756.05, consisting of \$103.95 in FFE user fees returned to Moda and \$1,860.00 in APTC owed to CMS. Moda should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	2/10/2020: Moda management confirms and agrees to this finding.

Finding No. 3 - Duplicate Exchange-assigned Subscriber IDs Check (Full Month Payment Data)	Condition:	Moda overstated the 2015 benefit year premium amounts for one (1) subscriber in the UF/APTC Desk Audit File by reporting enrollment and full month payment data for the subscriber more than once in the same month.
	Criteria:	Issuers cannot request full month payment from CMS for the same subscriber twice within a month.
	Cause:	The issuer indicated "Member was erroneously enrolled under two groups. Duplicate record has been terminated never effective."
	Effect:	The inclusion of the one (1) duplicate subscriber with full month payment data resulted in a change to Moda's final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to Moda of \$69.51, consisting of FFE user fees returned to Moda. Moda should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	2/10/2020: Moda management confirms and agrees to this finding.

Finding No. 4 - Duplicate Exchange-assigned Subscriber IDs Check (Incorrectly Prorated Payment Data)	Condition:	<p>Moda overstated the 2015 benefit year APTC amounts for thirty-six (36) subscribers in the UF/APTC Desk Audit File by reporting correctly prorated premium amounts but full month APTC amounts for mid-month terminations and re-enrollments. Upon further review of Moda's UF/APTC Desk Audit File and as a result of the Premium Less than APTC Validation and Forty-five (45) Subscribers Sample Review, it was noted that the condition impacted additional mid-month enrollments and terminations reported on the UF/APTC Desk Audit File. The aggregated impact of the non-prorated APTC amounts is an overstatement of \$197,810.05 in APTC.</p>
	Criteria:	<p>Per the HHS Notice of Benefit and Payment Parameters for 2015 and 45 CFR § 155.240, in a Federally-facilitated Exchange, the premium for coverage lasting less than one month must equal the product of (i) The premium for one month of coverage divided by the number of days in the month; and (ii) The number of days for which coverage is being provided in the month.</p>
	Cause:	<p>The issuer indicated one of the following general responses for the subscribers identified with incorrectly prorated APTC payment data identified as a result of the Duplicate Exchange-assigned Subscriber IDs Check, Premium Less than APTC Validation and Forty-five (45) Subscribers Sample Review:</p> <ul style="list-style-type: none"> • "Mid month APTC and plan change"; • "Mid month APTC"; • "Mid month termination, member premium prorated, APTC not prorated in error"; • "Mid month effective date, member premium prorated. APTC not prorated in error"; • "Mid month plan enrollment, member premium prorated. APTC not prorated in error"; or • "Mid month plan termination was entered into the system correctly. Due to manual user error mid month premium and APTC

		<p>termination was not applied correctly and prorated."</p> <p>During the audit, Moda reviewed the UF/APTC Desk Audit File to identify the financial impact for all instances where the APTC amount was not correctly prorated during mid-month enrollments and terminations. The issuer indicated "the total APTC financial impact of the re-calculation is \$197,810.05."</p>
	Effect:	The inclusion of the subscribers with incorrectly prorated APTC amounts resulted in a change to Moda's final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to CMS of \$197,810.05, consisting of APTC owed to CMS. Moda should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	2/10/2020: Moda management confirms and agrees to this finding.

Finding No. 5 - Premium Less than APTC Validation	Condition:	Moda reported premium amounts that were less than the APTC amounts for thirty-three (33) subscribers in the UF/APTC Desk Audit File. As a result, Moda understated the 2015 benefit year premium amounts for thirty-three (33) subscribers in the UF/APTC Desk Audit File.
	Criteria:	Issuers cannot report a premium amount that is less than an APTC amount. Per CMS guidance, the premium amount reported on the EPDW is the premium amount by 16 digit QHP ID for the effectuated enrollment within a qualified health plan.
	Cause:	<p>The issuer indicated the following explanations for each of the thirty-three (33) subscribers:</p> <ul style="list-style-type: none"> "APTC amount is correct, equal to amount of premium." (Twenty-six (26) subscribers)

		<ul style="list-style-type: none"> • "Correct APTC billed, equal to amount of premium." (Three (3) subscribers) • "Manual error, plan change not completed. APTC amount is correct." (Three (3) subscribers) • "Correct premium is \$1630." (One (1) subscribers)
	Effect:	The inclusion of the incorrect premium amounts for the thirty-three (33) subscribers resulted in a change to Moda's final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to CMS of \$563.89, consisting of FFE user fees owed to CMS. Moda should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	2/10/2020: Moda management confirms and agrees to this finding.

Finding No. 6 - Forty-five (45) Subscribers Sample Review	Condition:	Moda understated the 2015 benefit year premium amounts for one (1) of the forty-five (45) selected subscribers in the UF/APTC Desk Audit File.
	Criteria:	Per CMS guidance, the premium amount reported on the EPDW and the UF/APTC Desk Audit File is the premium amount by 16 digit QHP ID for the effectuated enrollment within a qualified health plan.
	Cause:	The issuer indicated "Premium was not increased when plan changed after DOB." The issuer further indicated "(1) Yes, a premium should be included for months 07-12 as the member had active coverage these months." Therefore, CMS concluded the issuer reported the incorrect premium amount for the one (1) subscriber in the UF/APTC Desk Audit File as the issuer did not correctly update the amount after adding the additional member to the policy.

	Effect:	The inclusion of the incorrect premium amounts for the one (1) subscriber resulted in a change to Moda’s final, restated 2015 benefit year EPDW data.
	Corrective Action Required:	The net financial impact of this finding is a payment to CMS of \$1.68, consisting of FFE user fees owed to CMS. Moda should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	Management Response:	2/10/2020: Moda management confirms and agrees to this finding.

V. OBSERVATIONS

An observation is a deviation from APTC and FFE user fee program requirements that we are calling to the attention of management for purposes of improving compliance in future program years but that does not require correction to payment. CMS's audit procedures identified one (1) observation.

Observation No. 1 – Unreconciled Subscribers Review	Condition:	Moda did not receive the binder payment within thirty (30) calendar days from the coverage effective date for one (1) subscriber reported in the UF/APTC Desk Audit File as the enrollment was terminated and then reinstated.
	Criteria:	Per CMS enrollment guidance and 45 CFR § 155.400(e) that was promulgated by the 2016 Payment Notice, for first month (or binder payment) premiums, premium payment deadlines must be no earlier than the coverage effective date, but no later than 30 calendar days from the coverage effective date.
	Cause:	The issuer indicated that "We have confirmed the member had a benefit start date of 12/1/2015. The policy was enrolled 1/13/2016, terminated for non-payment after no payment was received and then reinstated due to no delinquency letter being sent. The member then made a payment to effectuate the policy."
	Effect:	The issuer did not follow CMS enrollment guidance as the issuer effectuated enrollment when the first month's premium payment was received later than 30 calendar days from the coverage effective date.
	Management Response:	2/10/2020: Moda management confirms and agrees to this observation.

VI. MANAGEMENT RESPONSES

Please provide management's response to the six (6) findings and one (1) observation identified in the draft audit report and complete the attached Appendix 1 - Issuer Management Response to Net Financial Adjustment (Appendix 1), within thirty (30) calendar days from the draft audit report date. Management's response should indicate agreement or disagreement.

Agreement

If management agrees with the six (6) findings and one (1) observation, complete the "Management Response" field of the findings and observation in the draft audit report, and initial "Agree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 within thirty (30) calendar days from the draft audit report date. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report. CMS will process the final adjustment amount in the next available monthly payment cycle.

Disagreement

If management disagrees with any of the six (6) findings and corrective actions or the one (1) observation, complete the "Management Response" field of the findings and observation in the draft audit report, and initial "Disagree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 and any supporting documentation that substantiates management's response within thirty (30) calendar days from the draft audit report date. This will be the final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanations in the "Management Response" field of the findings and observation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

CMS will provide an updated audit report, including the stated final adjustment amount along with an updated Appendix 1, following receipt and review of management's response. Please return the updated audit report with management responses and signed Appendix 1 within fifteen (15) calendar days. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report and process the final adjustment amount in the next available monthly payment cycle.

Appendix 2 – Applicable Regulations

The following table identifies the specific regulatory requirements around which CMS has organized its audits.

Regulation	Guidance
<p>45 CFR § 156.50 – Financial Support</p>	<p>(a) Definitions. The following definitions apply for the purposes of this section: <i>Participating issuer</i> means any issuer offering a plan that participates in the specific function that is funded by user fees. This term may include: health insurance issuers, QHP issuers, issuers of multi-State plans (as defined in § 155.1000(a) of this subchapter), issuers of stand-alone dental plans (as described in § 155.1065 of this subtitle), or other issuers identified by an Exchange.</p> <p>(b) Requirement for State-based Exchange user fees. A participating issuer must remit user fee payments, or any other payments, charges, or fees, if assessed by a State-based Exchange under § 155.160 of this subchapter.</p> <p>(c) Requirement for Federally-facilitated Exchange user fee. To support the functions of Federally-facilitated Exchanges, a participating issuer offering a plan through a Federally-facilitated Exchange must remit a user fee to HHS each month, in the timeframe and manner established by HHS, equal to the product of the monthly user fee rate specified in the annual HHS notice of benefit and payment parameters for the applicable benefit year and the monthly premium charged by the issuer for each policy under the plan where enrollment is through a Federally-facilitated Exchange.</p>
<p>45 CFR § 156.460 - Reduction of enrollee's share of premium to account for advance payments of the premium tax credit</p>	<p>(a) Reduction of enrollee's share of premium to account for advance payments of the premium tax credit. A QHP issuer that receives notice from the Exchange that an individual enrolled in the issuer's QHP is eligible for an advance payment of the premium tax credit must—</p> <ol style="list-style-type: none"> (1) Reduce the portion of the premium charged to or for the individual for the applicable month(s) by the amount of the advance payment of the premium tax credit; (2) Notify the Exchange of the reduction in the portion of the premium charged to the individual in accordance with § 156.265(g); and (3) Include with each billing statement, as applicable, to or for the individual the amount of the advance payment of the premium tax credit for the applicable month(s), and the remaining premium owed.

Regulation	Guidance
<p>45 CFR § 156.480 - Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs.</p>	<p>(a) Maintenance of records. An issuer that offers a QHP in the individual market through a State Exchange must adhere to, and ensure that any relevant delegated entities and downstream entities adhere to, the standards set forth in § 156.705 concerning maintenance of documents and records, whether paper, electronic, or in other media, by issuers offering QHPs in a Federally-facilitated Exchange, in connection with cost-sharing reductions and advance payments of the premium tax credit.</p> <p>(b) Annual reporting requirements. For each benefit year, an issuer that offers a QHP in the individual market through an Exchange must report to HHS, in the manner and timeframe required by HHS, summary statistics specified by HHS with respect to administration of cost-sharing reduction and advance payments of the premium tax credit programs, including any failure to adhere to the standards set forth under § 156.410(a) through (d), § 156.425(a) through (b), and § 156.460(a) through (c) of this Part.</p> <p>(c) Audits. HHS or its designee may audit an issuer that offers a QHP in the individual market through an Exchange to assess compliance with the requirements of this subpart.</p>
<p>45 CFR § 156.705 – Maintenance of records for Federally-facilitated Exchanges</p>	<p>(a) General standard. Issuers offering QHPs in a Federally-facilitated Exchange must maintain all documents and records (whether paper, electronic, or other media) and other evidence of accounting procedures and practices, necessary for HHS to do the following:</p> <p>(1) Periodically audit financial records related to QHP issuers' participation in a Federally-facilitated Exchange, and evaluate the ability of QHP issuers to bear the risk of potential financial losses; and</p> <p>(2) Conduct compliance reviews or otherwise monitor QHP issuers' compliance with all Exchange standards applicable to issuers offering QHPs in a federally-facilitated Exchange as listed in this part.</p> <p>(b) Records. The records described in paragraph (a) of this section include the sources listed in § 155.1210(b)(2), (3), and (5) of this subchapter.</p> <p>(c) Record retention timeframe. Issuers offering QHPs in a Federally-facilitated Exchange must maintain all records referenced in paragraph (a) of this section for 10 years.</p> <p>(d) Record availability. Issuers offering QHPs in a Federally-facilitated Exchange must make all records in paragraph (a) of this section available to HHS, the OIG, the Comptroller General, or their designees, upon request.</p>
