## I. EXECUTIVE SUMMARY

---

---

### Background

Molina Healthcare of Florida Inc. (Molina) is a health insurance issuer that offered qualified health plans (QHPs) in the individual market Federally-facilitated Exchange (FFE) in Florida during the 2015 benefit year. Molina submitted its final restated 2015 benefit year data in the November 2016 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$517,465,428.78 in advance payments of the premium tax credit (APTC) from CMS and paid a total of \$20,669,029.79 in FFE user fees (UF) to CMS for its 2015 benefit year individual market plans.

This report is an assessment of Molina's compliance with the APTC and FFE user fee programs established in sections 1311 and 1401 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 (collectively referred to throughout as PPACA), and implementing regulations.

### Audits to Determine Compliance with the Administration of APTC and FFE User Fee Programs

Under title 45 of the Code of Federal Regulations (CFR), sections §§ [156.480](#) and [156.705](#), the Department of Health and Human Services (HHS) may audit<sup>1</sup> issuers that offer a QHP in the individual market through an Exchange to assess the degree of compliance with the APTC and FFE user fee program requirements. HHS designates the Centers for Medicare & Medicaid Services (CMS) to conduct these audits and to achieve the following:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit is part of CMS's program to validate the enrollment and payment data reported on the final 2015 EPDW, and to analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

The findings and observations are documented below. If CMS found an instance of issuer non-compliance with APTC and FFE user fee program requirements that requires correction to

---

<sup>1</sup> To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

payment, then CMS classified it as a *finding*. If CMS found a deviation from APTC and FFE user fee program requirements that we are calling to the attention of management for purposes of improving compliance in future program years, but that does not require correction to payment, then CMS categorized it as an *observation*.

### **Results of Review**

CMS identified four (4) findings and no observations for Molina. The net financial impact of the four (4) audit findings is a payment to CMS of \$353,373.85, consisting of \$39,198.27 in FFE user fees returned to Molina and \$392,572.12 in APTC owed to CMS. The findings include the following:

1. Differences in premium/FFE user fee and APTC amounts identified in the comparison of the issuer's data included in the EPDW to a UF/APTC Desk Audit File containing subscriber level data from Molina's systems;
2. Inclusion of full month enrollment and payment data for sixteen (16) duplicate subscribers in the UF/APTC Desk Audit File;
3. Inclusion of premium amounts that were less than the APTC amounts for three (3) subscribers in the UF/APTC Desk Audit File; and
4. Inclusion of enrollment and payment data for fourteen (14) subscribers with a coverage period of five (5) days or fewer that was not effectuated in the UF/APTC Desk Audit File.

Please refer to section IV for details on the findings listed above, including the condition, cause, effect, corrective actions, and the issuer's responses.

## **II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY**

---

---

### **A. Background**

Sections 1401 and 1412 of the PPACA established the APTC program to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the PPACA allows the FFEs to charge participating issuers user fees to support FFE operations.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC and FFE user fee programs. As such, CMS established this audit program.

#### **Interim Payment Process**

Since automated payment systems were not yet developed during the first years of FFE implementation, CMS implemented an interim payment process to calculate and make monthly payments of APTC and advance Cost-sharing Reduction (CSR) amounts, and to collect FFE user fees. The interim payment process required issuers to self-report enrollment and payment data on a monthly basis, including any adjustments to previous months' requests, via manual submission of an EPDW, and to attest to the accuracy of the data.

For the 2015 benefit year, CMS used this interim payment process to calculate and make monthly payments based on QHP data submitted in the EPDW. While using this interim process, CMS designed and implemented a robust set of internal controls within a larger program integrity framework to ensure payment accuracy. CMS required submitters to send the following QHP plan information at the variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total FFE User Fee amount
9. Total effectuated enrollment groups
10. Total effectuated enrollment groups with APTC
11. Total effectuated enrollment groups with advance CSR
12. Total effectuated members
13. Total effectuated members with APTC
14. Total effectuated members with advance CSR

FFE issuers were required to calculate the QHP enrollment and payment amounts and submit that information on the EPDW template using their internal source data.

## **B. Regulations Governing APTC and FFE User Fee Programs**

CMS established an audit protocol to assess health insurance issuers' compliance with the following regulations governing APTC and FFE user fee programs:

- 45 CFR § [156.50](#): Financial Support;
- 45 CFR § [156.460](#): Reduction of enrollee's share of premium to account for advance payments of the premium tax credit;
- 45 CFR § [156.480](#): Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs;
- 45 CFR § [156.705](#): Maintenance of records for Federally-facilitated Exchanges.

Please refer to Appendix 2 for the specific requirements established under the authorities listed above.

## **C. Objectives**

The objectives of this audit are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for the APTC and FFE user fee programs;
- (2) Identify potential CMS APTC payment and FFE user fee collection errors resulting from issuer data reporting errors; and
- (3) Test accuracy and integrity of issuer processes for reducing an enrollee's share of premium to account for APTCs.

## **D. Scope and Methodology**

CMS selected Molina for an audit on issuer compliance with the aforementioned regulations. CMS evaluated Molina's activities related to the 2015 benefit year (January 1, 2015 through December 31, 2015) individual market data reported on the final EPDW submitted in November 2016 by the issuer to CMS to support APTC and FFE user fee collections.

CMS sent Molina an electronic letter on May 11, 2018 to notify them of the scope of this audit. CMS's audit contractor sent a follow-up letter to Molina on May 14, 2018 that identified data requirements required to conduct the audit. CMS's audit contractor reviewed the audit data file submitted by Molina and used CMS's audit procedures to assess compliance with APTC and FFE user fee program rules and regulations.

CMS's audit contractor applied CMS's audit protocol to identify the findings and observations listed in sections IV and V of this report. CMS's audit contractor performed the following procedures:

- Validations of the UF/APTC Desk Audit File<sup>2</sup> data submitted to CMS:

---

<sup>2</sup> The UF/APTC Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

- EPDW Validations: Review and comparison of the issuer's final submitted 2015 EPDW to the UF/APTC Desk Audit File from the issuer's systems.
- Unreconciled Subscribers Review: Review and comparison of the subscribers reported on the UF/APTC Desk Audit File to the subscribers included in CMS's systems to determine if the subscribers existed and their coverage was effectuated in the issuer's system (i.e., the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber).
- Duplicate Exchange-assigned Subscriber IDs Check: Review of the UF/APTC Desk Audit File containing subscriber level data from the issuer's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e., Exchange-assigned subscriber IDs that were reported on the file twice in the same month with full month or incorrectly prorated payment data) were not reported on the file.
- Premium Less than APTC Validation: Review of the UF/APTC Desk Audit File to verify that the subscribers' premium amounts reported on the file were not less than the APTC amounts reported on the file.
- Coverage Days Validation: Review of the UF/APTC Desk Audit File to verify that enrollments of five (5) days or fewer reported on the file were effectuated and had active coverage in the issuer's systems.
- Validations on samples of issuer's systems data:
  - Forty-five (45) Subscribers Sample Review: Review and comparison of the coverage periods, premium and APTC amounts from the issuer's systems to the corresponding data included in CMS's systems for a selected sample of forty-five (45) subscribers.
  - Fifteen (15) Subscribers Sample Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

---

### **III. RESULTS OF REVIEW**

---

---

CMS assessed issuer compliance with regulations using the following procedures: EPDW Validations, Unreconciled Subscribers Review, Duplicate Exchange-assigned Subscriber IDs Check, Premium Less than APTC Validation, Coverage Days Validation, Forty-five (45) Subscribers Sample Review, Fifteen (15) Subscribers Sample Review, and Policy and Procedure Review. Below are the results of this review.

#### **EPDW Validations**

One (1) finding and no observations resulted from the comparison of the final 2015 EPDW to Molina's UF/APTC Desk Audit File. Please refer to Finding No. 1 included in section IV for details on the finding.

#### **Unreconciled Subscribers Review**

No findings or observations resulted from the review of Molina's UF/APTC Desk Audit File to determine if the subscribers reported on the file existed and their coverage was effectuated in the issuer's systems.

#### **Duplicate Exchange-assigned Subscriber IDs Check**

One (1) finding and no observations resulted from the review of Molina's UF/APTC Desk Audit File to verify that duplicate Exchange-assigned subscriber IDs were not reported on the file. Please refer to Finding No. 2 included in section IV for details on the finding.

#### **Premium Less than APTC Validation**

One (1) finding and no observations resulted from the review of Molina's UF/APTC Desk Audit File to verify that subscribers were not reported on the file with premium amounts that were less than the APTC amounts. Please refer to Finding No. 3 included in section IV for details on the finding.

#### **Coverage Days Validation**

One (1) finding and no observations resulted from the review of Molina's UF/APTC Desk Audit File to verify that enrollments of five (5) days or fewer reported on the file were effectuated and had active coverage in the issuer's systems. Please refer to Finding No. 4 included in section IV for details on the finding.

#### **Forty-five (45) Subscribers Sample Review**

No findings or observations resulted from the review and comparison of the data from Molina's systems to the corresponding data included in CMS's systems to determine accuracy of the reported enrollment months and the application of premium and APTC for a selected sample of forty-five (45) subscribers.

#### **Fifteen (15) Subscribers Sample Review**

No findings or observations resulted from the review of the data and documentation from Molina's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.

## **Policy and Procedure Review**

No findings or observations resulted from the review of Molina's APTC policies and procedures.

## IV. FINDINGS

A finding is an identification of an instance of issuer non-compliance with APTC and FFE user fee program requirements that requires correction to payment. CMS's audit procedures identified four (4) findings that resulted in a change to Molina's reported EPDW for individual market plans for the 2015 benefit year. In light of the four (4) findings, the adjusted 2015 benefit year EPDW APTC and FFE user fee amounts for individual market plans are shown in the following table.

### Recalculated EPDW for the 2015 Benefit Year

	FFE User Fees	APTC
EPDW as Filed in November 2016	\$(20,669,029.79)	\$517,465,428.78
Finding No. 1 - EPDW Validations Adjustment	\$38,597.03	\$(376,912.63)
Finding No. 2 - Duplicate Exchange-assigned Subscriber IDs Check Adjustment	\$583.85	\$(15,033.96)
Finding No. 3 - Premium Less than APTC Validation Adjustment	\$(12.84)	\$(31.60)
Finding No. 4 - Coverage Days Validation Adjustment	\$30.23	\$(593.93)
EPDW As Recalculated	\$(20,629,831.52)	\$517,072,856.66
<b>Total Financial Impact</b>	<b>\$39,198.27</b>	<b>\$(392,572.12)</b>

Note: Positive values indicate funds owed to the issuer.

The net financial impact of the four (4) audit findings is a payment to CMS of \$353,373.85, consisting of \$39,198.27 in FFE user fees returned to Molina and \$392,572.12 in APTC owed to CMS.

For the four (4) audit findings, CMS documented the criteria, cause, effect, corrective actions, and Molina’s responses as seen in the charts below.

<b>Finding No. 1 - EPDW Validations</b>	<b>Condition:</b>	<p><b>Premium and FFE User Fee Differences</b> – For one or more months of 2015 benefit year enrollment in six (6) QHPs, the net "Total Premium Amount by QHP ID for effectuated enrollments" included in Molina’s EPDW was greater than the total premium amount included in Molina’s UF/APTC Desk Audit File, resulting in an overstatement of \$1,102,772.41 in premiums and therefore an overpayment of \$38,597.03 in FFE user fees. For the one or more months of 2015 benefit year enrollment in six (6) QHPs, the EPDW was understated by three thousand, two hundred and ninety-three (3,293) enrollment groups and overstated by three thousand and eighty-three (3,083) members.</p> <p><b>APTC Differences</b> – For one or more months of 2015 benefit year enrollment in six (6) QHPs, the net "Total APTC Amount by QHP ID for effectuated enrollments" included in Molina’s EPDW was greater than the total APTC amount included in Molina’s UF/APTC Desk Audit File, resulting in an overpayment of \$376,912.63 in APTC. For the one or more months of 2015 benefit year enrollment in six (6) QHPs, the EPDW was understated by four thousand, three hundred and ninety-five (4,395) APTC enrollment groups and overstated by one thousand, five hundred and eighty-eight (1,588) APTC members.</p>
	<b>Criteria:</b>	<p>Per CMS guidance and EPDW submission requirements:</p> <p>The “Total premium amount by QHP ID for effectuated enrollments” submitted on the EPDW is the "total premium amount for the health coverage for all effectuated enrollments within that plan” and the Total User Fee Amount by QHP ID is "the total FFE user fee amount the issuer can expect to incur</p>

		<p>for participation in the Federally-facilitated Exchange."</p> <p>The "Total APTC amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total APTC toward the total premium amount for effectuated enrollments within a 16-digit QHP ID."</p> <p>Additionally, the premium and APTC amounts reported in the EPDW and in the enrollment group enrollment records of the UF/APTC Desk Audit File must be prorated using the proration formulas set forth in the 2015 payment notice and outlined in 45 CFR § 155.240.</p>
	<p><b>Cause:</b></p>	<p>The issuer indicated "Last EPDW worksheets for year 2015, were submitted on Nov 2016, so it contained data at that point in time from our enrollment system. Since then retro activity has taken place on some of the members resulting in updated member level submission on Aug 2018. This is resulting into a difference between EPDW worksheets and member level submission done for the audit."</p> <p>The net understatements in enrollment groups and overstatements in members identified in the condition represent aggregated differences, i.e., the aggregated understatements and overstatements include QHP-level overstatements in some months and QHP-level understatements in other months. The differences may have resulted from incorrect reporting of the enrollment groups and members reported on the EPDW due to the lack of guidance, uncertainty around EPDW reporting requirements, and/or differences in the approaches for calculating and reporting enrollment groups and members on the EPDW versus the approaches for calculation and reporting enrollment groups and members for audit purposes.</p>
	<p><b>Effect:</b></p>	<p>The premium/FFE user fee and APTC differences resulted in a change to Molina's final, restated 2015 benefit year EPDW data.</p>

	<b>Corrective Action Required:</b>	The net financial impact of this finding is a payment to CMS of \$338,315.60, consisting of \$38,597.03 in FFE user fees returned to Molina and \$376,912.63 in APTC owed to CMS. Molina should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	<b>Management Response:</b>	Management agrees with the findings.

<b>Finding No. 2 – Duplicate Exchange-assigned Subscriber IDs Check</b>	<b>Condition:</b>	Molina overstated the 2015 benefit year premium and APTC amounts for sixteen (16) subscribers in the UF/APTC Desk Audit File by reporting enrollment and full month payment data for the subscribers more than once in the same month.
	<b>Criteria:</b>	Issuers cannot request full month payment from CMS for the same subscriber twice within a month. Additionally, per the HHS Notice of Benefit and Payment Parameters for 2015 and 45 CFR § 155.240, in a Federally-facilitated Exchange, the premium for coverage lasting less than one month must equal the product of (i) The premium for one month of coverage divided by the number of days in the month; and (ii) The number of days for which coverage is being provided in the month.
	<b>Cause:</b>	The issuer indicated "For the 16 subscribers highlighted in orange: Duplicate extract is present due to overlapping premium segments on Molina system. One of the segments should be removed from the extract."
	<b>Effect:</b>	The inclusion of the sixteen (16) duplicate subscribers resulted in a change to Molina's final, restated 2015 benefit year EPDW data.
	<b>Corrective Action Required:</b>	The net financial impact of this finding is a payment to CMS of \$14,450.11, consisting of \$583.85 in FFE user fees returned to Molina and \$15,033.96 in APTC owed to CMS. Molina should confirm the financial impact and coordinate on

		resolution with CMS as indicated in section VI of this report.
	<b>Management Response:</b>	Management agrees with the findings.

<b>Finding No. 3 - Premium Less than APTC Validation</b>	<b>Condition:</b>	Molina reported premium amounts that were less than the APTC amounts for three (3) subscribers in the UF/APTC Desk Audit File. As a result, Molina understated the 2015 benefit year premium amounts for three (3) subscribers, and overstated the 2015 benefit year APTC amounts for one (1) of those subscribers, in the UF/APTC Desk Audit File.
	<b>Criteria:</b>	Issuers cannot report a premium amount that is less than an APTC amount. Per CMS guidance, the premium amount reported on the EPDW is the premium amount by 16 digit QHP ID for the effectuated enrollment within a qualified health plan. Per CMS guidance, the APTC amount reported on the EPDW and UF/APTC Desk Audit File is the APTC amount toward the total premium amount for effectuated enrollments.
	<b>Cause:</b>	The issuer indicated “Incorrect data in Molina system” for each of the three (3) subscribers.  During the audit, the issuer provided the correct premium and APTC amounts for the applicable month where the premium amount was less than the APTC amount for each of the three (3) subscribers.
	<b>Effect:</b>	The inclusion of the incorrect premium and APTC amounts for the three (3) subscribers resulted in a change to Molina’s final, restated 2015 benefit year EPDW data.
	<b>Corrective Action Required:</b>	The net financial impact of this finding is a payment to CMS of \$44.44, consisting of \$12.84 in FFE user fees owed to CMS and \$31.60 in APTC owed to CMS. Molina should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.

<b>Management Response:</b>	Management agrees with the findings.
-----------------------------	--------------------------------------

<b>Finding No. 4 - Coverage Days Validation</b>	<b>Condition:</b>	Molina overstated the 2015 benefit year premium amounts for fourteen (14) subscribers, and overstated the 2015 benefit year APTC amounts for eleven (11) of those subscribers, in the UF/APTC Desk Audit File by incorrectly reporting cancelled enrollments.
	<b>Criteria:</b>	Per CMS guidance, the issuer must create a single Inbound UF/APTC Desk Audit File consisting of detailed enrollment group effectuated enrollment records (one per enrollment group, per month) with the corresponding payment data.
	<b>Cause:</b>	<p>The issuer indicated one of the following explanations for each the fourteen (14) subscribers:</p> <ul style="list-style-type: none"> <li>• “Voluntary cancellation communicated by the Exchange, [issuer provided date of X/X/2015 for the subscriber].” (Four (4) subscribers)</li> <li>• “834 received on 7/20/15 with modification to enrollment.” (One (1) subscriber)</li> <li>• “Voluntary cancellation per exchange.” (Nine (9) subscribers)</li> </ul> <p>Based on the feedback that there were voluntary cancellations and modifications and therefore non-effectuated enrollments for fourteen (14) subscribers, CMS concluded that the 2015 benefit year premium amounts and, if applicable, APTC amounts in the UF/APTC Desk Audit File were overstated.</p>
	<b>Effect:</b>	The inclusion of the enrollment and payment data for the fourteen (14) subscribers resulted in a change to Molina’s final, restated 2015 benefit year EPDW data.
	<b>Corrective Action Required:</b>	The net financial impact of this finding is a payment to CMS of \$563.70, consisting of \$30.23 in FFE user fees returned to Molina and \$593.93 in

		APTC owed to CMS. Molina should confirm the financial impact and coordinate on resolution with CMS as indicated in section VI of this report.
	<b>Management Response:</b>	Management agrees with the findings.

## **V. OBSERVATIONS**

---

---

An observation is a deviation from APTC and FFE user fee program requirements that we are calling to the attention of management for purposes of improving compliance in future program years but that does not require correction to payment. CMS's audit procedures identified no observations.

---

---

## **VI. MANAGEMENT RESPONSES**

---

---

Please provide management's response to the four (4) findings identified in the draft audit report and complete the attached Appendix 1 - Issuer Management Response to Net Financial Adjustment (Appendix 1), within thirty (30) calendar days from the draft audit report date. Management's response should indicate agreement or disagreement.

### **Agreement**

If management agrees with the four (4) findings, complete the "Management Response" field of the findings in the draft audit report, and initial "Agree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 within thirty (30) calendar days from the draft audit report date. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report. CMS will process the final adjustment amount in the next available monthly payment cycle.

### **Disagreement**

If management disagrees with any of the four (4) findings and corrective actions, complete the "Management Response" field of the findings in the draft audit report, and initial "Disagree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 and any supporting documentation that substantiates management's response within thirty (30) calendar days from the draft audit report date. This will be the final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanations in the "Management Response" field of the findings and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

CMS will provide an updated audit report, including the stated final adjustment amount along with an updated Appendix 1, following receipt and review of management's response. Please return the updated audit report with management responses and signed Appendix 1 within fifteen (15) calendar days. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report and process the final adjustment amount in the next available monthly payment cycle.

Issuer HIOS ID: 54172

Issuer Name: Molina Healthcare of Florida, Inc. (Molina)

The undersigned Chief Executive Officer (CEO), Chief Financial Officer (CFO) or other individual who can legally and financially bind this issuer has reviewed the information included in the audit report of the issuer’s 2015 benefit year APTC and FFE UF program participation, resulting in a payment to CMS of \$353,373.85, consisting of \$39,198.27 in FFE user fees returned to Molina and \$392,572.12 in APTC owed to CMS, and:

(INITIAL) AS Agrees with the audit net adjustment amount above, confirming the audit finding(s) and observation(s), if applicable, and as such this report will be considered final and published.

Or

(INITIAL) \_\_\_\_\_ Disagrees and requests a review of additional information that may impact the audit net adjustment amount resulting from the 2015 benefit year audit. If review is requested, CMS will consider this draft only a preliminary audit report. If the review option is selected, you must provide a written explanation with any additional documentation when you return this response within thirty (30) calendar days of the date of this draft audit report. CMS will review the written explanation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.
