SUBJECT: Revised South Carolina-Specific Reporting Requirements and Value Sets Workbook

The purpose of this memorandum is to announce the release of the revised Medicare-Medicaid Capitated Financial Alignment Model Reporting Requirements: South Carolina-Specific Reporting Requirements and corresponding South Carolina-Specific Value Sets Workbook. These documents provide updated technical specifications and applicable codes for the state-specific measures that South Carolina Medicare-Medicaid Plans (MMPs) are required to collect and report under the demonstration. As with prior annual update cycles, the South Carolina-Specific Reporting requirements were revised to update applicable dates and references; however, no other substantive changes were made as compared to the prior version dated February 29, 2024. Note that the South Carolina-Specific Value Sets Workbook did include changes; South Carolina MMPs should carefully review and incorporate the updated value sets, particularly for measure SC2.4.

South Carolina MMPs must use the updated specifications and value sets for measures due on or after June 2, 2025. Should you have any questions, please contact the Medicare-Medicaid Coordination Office at mmcocapsreporting@cms.hhs.gov.
