Subject: Computer-Based Training Series on Risk Adjustment: 2024 Calendar Year Updates

CMS is pleased to announce the next module of its computer-based training series on risk adjustment, which guides Medicare Advantage organizations, Part D Plan Sponsors, Program of All Inclusive Care for The Elderly (PACE) Organizations and Demonstration Plans through the process of risk adjustment. First released in 2021, the series began with a general overview (Module 1), followed by a deep dive into the risk score calculation process (Module 2), and a walkthrough of the detailed steps to calculate risk scores using each model type (Module 3). In 2022, the series continued with an overview of the updates for calendar year 2023 (Module 4). This next module (Module 5) provides an overview of the updates for calendar year 2024 from the 2024 Rate Announcement.
