by April 15, 2024 at 5PM ET

CMS is hosting a PACE User Group Call to provide an overview of upcoming changes to the Part D benefit design resulting from the Inflation Reduction Act and discuss how these changes will be critical to PACE operations and payment in CY 2025.

Who Should Attend? This training is designed to provide context for upcoming operational changes for PACE organizations and is open to any PACE organization staff who would benefit from a better understanding of the Part D benefit. CMS also recommends that PACE organizations share this invitation with their PBMs or other technical partners who assist with PDE submission.

Questions? Email PACEPartDPayment@cms.hhs.gov

Note that all registrations must be approved by CMS. Please complete all forms on the registration field to ensure we have the information necessary to make registration determinations. Approved registrants will receive an email with access instructions.
