(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (EACH DEFICIENCY MUST BE PRECEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)		
F 0583 Level of harm - Minimal harm or potential for actual harm Residents Affected - Few	Keep residents' personal and medical records private and confidential. Based on review of facility documentation, facility policies and staff interviews, it was determined that the facility failed to ensure resident privacy was protected after an image was posted to social media with two residents visible in the background. Findings include: Review of the facility policy titled, Social Networking/Media Policy and employee acknowledgement states that employees cannot make any statement or posting on social media that violates the privacy or publicity right of any other person. Review of the facility policy regarding cell phones states that the use of personal cellular phones while working in the facility is strictly prohibited. Review of the facilities HIPAA in service revealed that a breach includes acquiring, using or disclosing protected health information which compromises the privacy or security of the individual. Review of facility documentation revealed that Nurse Aid (NA) 1 took a picture of herself using NA 2's cell phone. In the picture, there were two residents visible in the background. NA 2 then posted the picture on social media. During an interview with the Nursing Home Administrator on September 9, 2020 at 2:35 PM she confirmed that the staff member should not have taken the picture or posted it to social media. Both nurse aids were re-educated and disciplined. 28 Pa. Code 201.29(j) Resident rights.		
F 0880 Level of harm - Minimal harm or potential for actual harm Residents Affected - Few	Provide and implement an infection prevention and control program. Review of facility documentation, facility policies and procedure and staff interviews, it was determined that the facility did not implement infection control measures related to a staff member not wearing a mask appropriately to prevent the potential spread of infection on one of three nursing units (B Hall). Findings include: Review of the current facility policy titled mask guidance, states that all staff must wear a surgical mask throughout the building. Review of facility documentation revealed that Nurse Aid (NA) 1 took a picture of herself using NA 2's cell phone. In the picture, there were two residents visible in the background and NA 1's mask was pulled down under her chin. NA 2 then posted the picture on social media. During an interview with the Nursing Home Administrator on September 9, 2020 at 2:35 PM she confirmed that the staff member should have been wearing her mask while in the building. Both nurse aids were re-educated and disciplined. 28 Pa. Code 211.12(d)(1)(5) Nursing services.
