February 2019

A wide-angle landscape photograph capturing a vast expanse of rolling hills and mountains. In the foreground, the land is covered in dry, golden-brown grass. A prominent, dark, rounded hill or mountain peak rises on the left side of the frame. To its right, a winding river or stream flows through a valley, its path partially obscured by low-hanging clouds or mist. The middle ground consists of numerous smaller hills and ridges, creating a sense of depth. In the background, a range of mountains is visible under a clear, pale blue sky. The overall scene is one of natural beauty and tranquility.
