

HOW IS WATER DRAINING FROM ORANGE

Created March 17, 2016 @ 2:22 PM CDT

West Gulf River Forecast Center

f NWSWGRFC

@NWSWGRFC

Railroad acting like levee holding water back

I-10 Closed due to flooding

Marsh Area

Significant Flooding Around Little Cypress Bayou

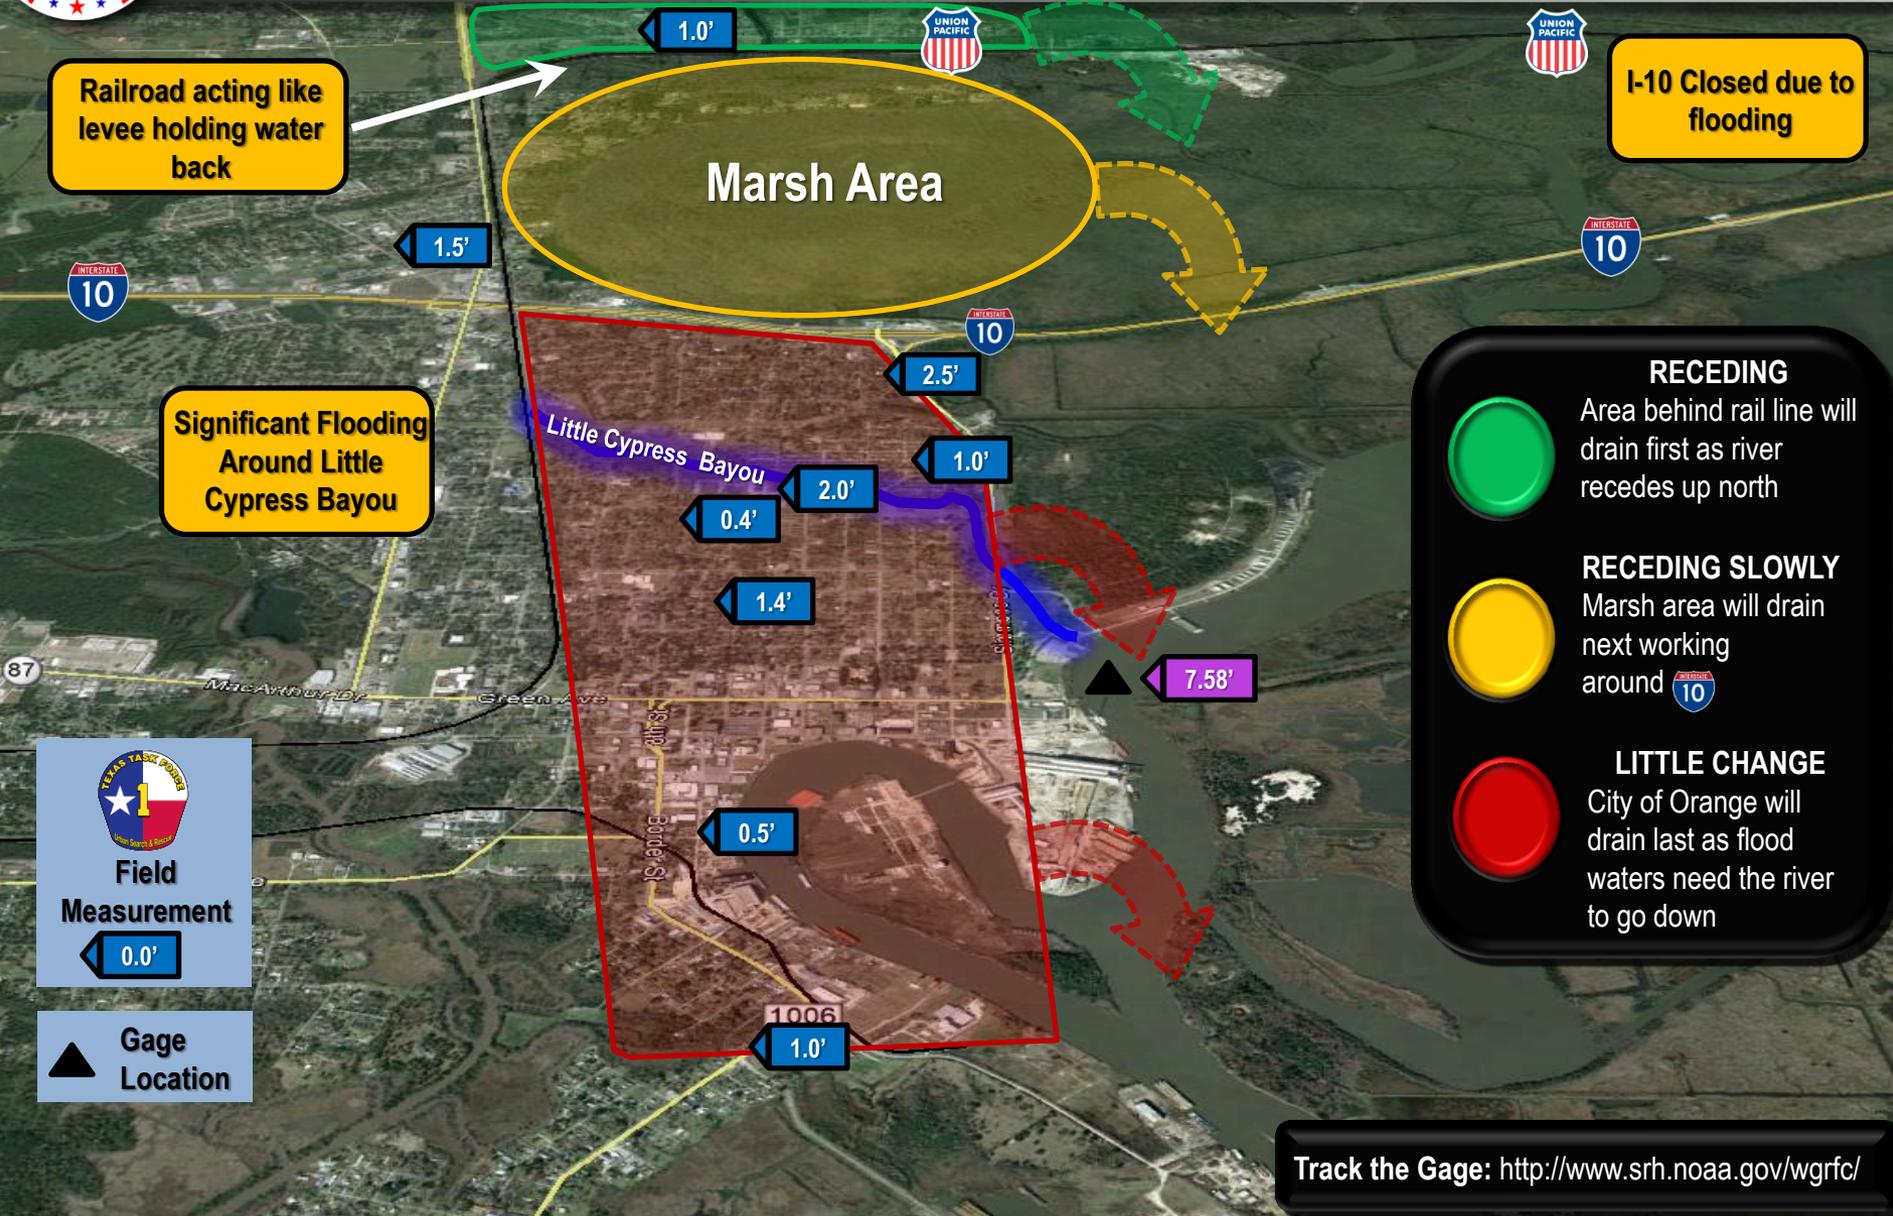

RECEDING
Area behind rail line will drain first as river recedes up north

RECEDING SLOWLY
Marsh area will drain next working around I-10

LITTLE CHANGE
City of Orange will drain last as flood waters need the river to go down
