Trees blew down near the intersection of VA-218 Caledon Road and Bluff Way. The 911 Call Center reported about two dozen calls for trees and wires down throughout the area. Several cars struck fallen trees in the roadway, but no injuries were reported.

A cold front intersected an extremely unstable airmass. The result was numerous strong to severe thunderstorms containing damaging wind gusts and some hail.

A weak boundary tapped into plenty of moisture and instability for showers and thunderstorms. Weak winds aloft caused slow moving

storms, which led to instance of flooding and flash flooding.
