Forecast Details

- Expect a widespread frost/freeze tonight/Wednesday morning, followed by warmer temperatures Wednesday afternoon.
- The next active weather system will bring rain and storms to Middle Tennessee starting Wednesday night, and especially Thursday and Thursday night.
- There is a marginal (level 1 out of 5) severe risk south of I-40 for day 3. Strong wind gusts and large hail are possible.
- We can look forward to a sunny, mild weekend ahead.
- Some of our rivers are still running high. **Remain aware and do not cross flooded roadways!**
